

Let Us Help You Get Back To Business Safely!

Rely on Nurses and More to assist as you bring staff back to work and open up to the public. Our team can help make the care, health, and safety of your team a top priority. Nurses and More provides medically trained and licensed nurses to perform health checks on your employees, temporary staff, and/or visitors. Performing these health checks is an additional measure to ensure that you protect your employees and decrease the possibility of contamination at your facilities.

Nurses and More Services for Employee COVID-19 Screening

- + Temperature Checks Using No Contact Thermometers
- + Administering The Screening Health Check Questionnaire
- + Assisting With Any Questions Regarding Symptoms, Social Distancing, Proper PPE Usage, And Proper Hand Hygiene
- + Providing Resources For Anyone Who Has A Positive Screening Questionnaire And Help The Person Find A Testing Location
- + Timed Reporting Submitted (Frequency Based On Length Of Nurses And More Contracted Services)

Your Safety Is Our Priority

Rest assured that we only provide the best healthcare personnel who meet our highest standards. All staff will wear appropriate PPE, including an N-95 face mask, safety glasses, and nitrile gloves. We utilize up-to-date CDC guidelines for screening procedures.
